SUMMER HOLIDAY HOMEWORK SESSION: 2025-26 CLASS:UKG

Dear Parents,

Summer vacation brings a change and excitement for children.

The vacation is also a time when you can spend more time with your child.

You could use this opportunity to inculcate healthy practices such as cycling, drinking a lot of water, eating fruits, and salads. These tasks are designed to engage children in a meaningful and productive manner.

While your child works, support him/her, in a manner that builds responsibility and ownership towards each task and raise their confidence in their own learning.

Wish you an engaging and fulfilling summer time with your child.

HAPPY HOLIDAYS!
